# Study compares benefits of scooter-sharing vs. bike-sharing

techxplore.com | 10d

While ridesharing services like Grab, Uber and Gojek have become a pervasive part of life, many countries in the [Asia Pacific](#) are still unconvinced when it comes to micro-mobility such as bike and scooter-sharing. While convenient, especially during a pandemic, when people may be wary of crowding in busses and [metro trains](#), there is a need for in-depth knowledge of these new transportation options to help guide policy and regulation.
